Coaches and Players connection

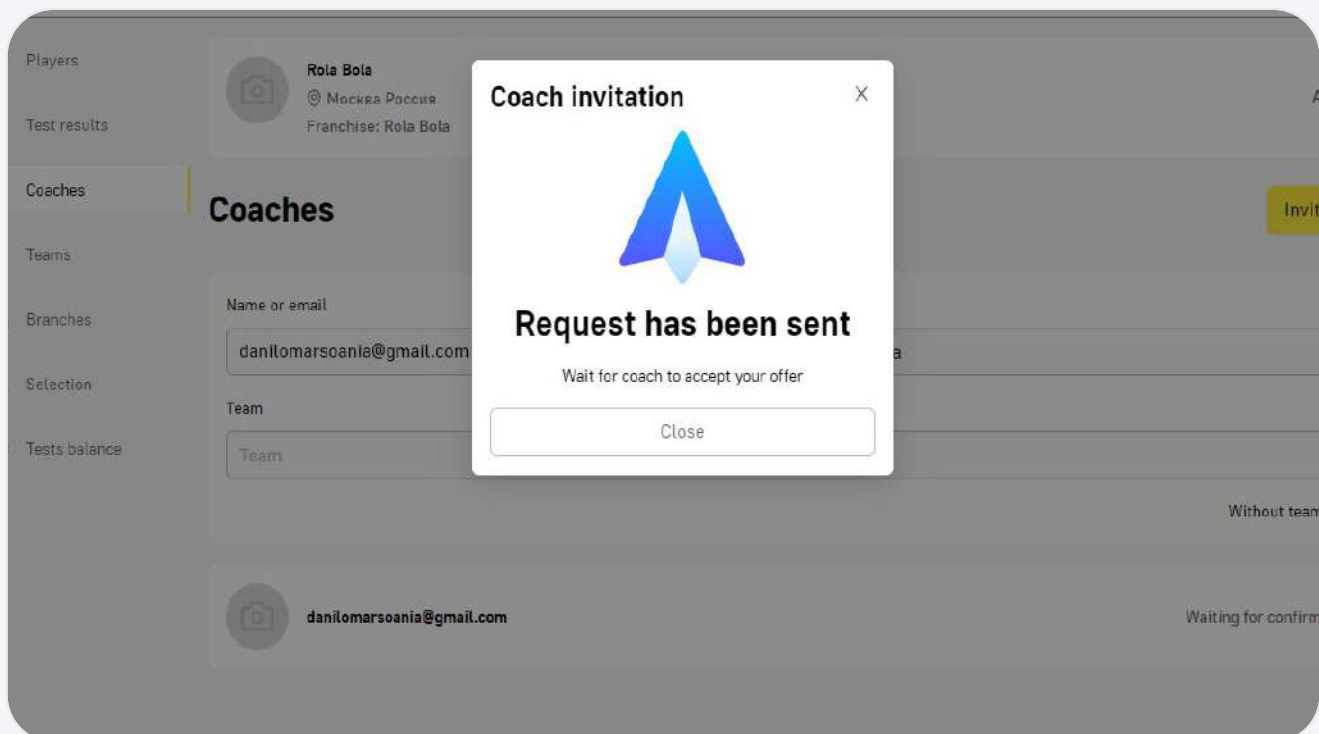

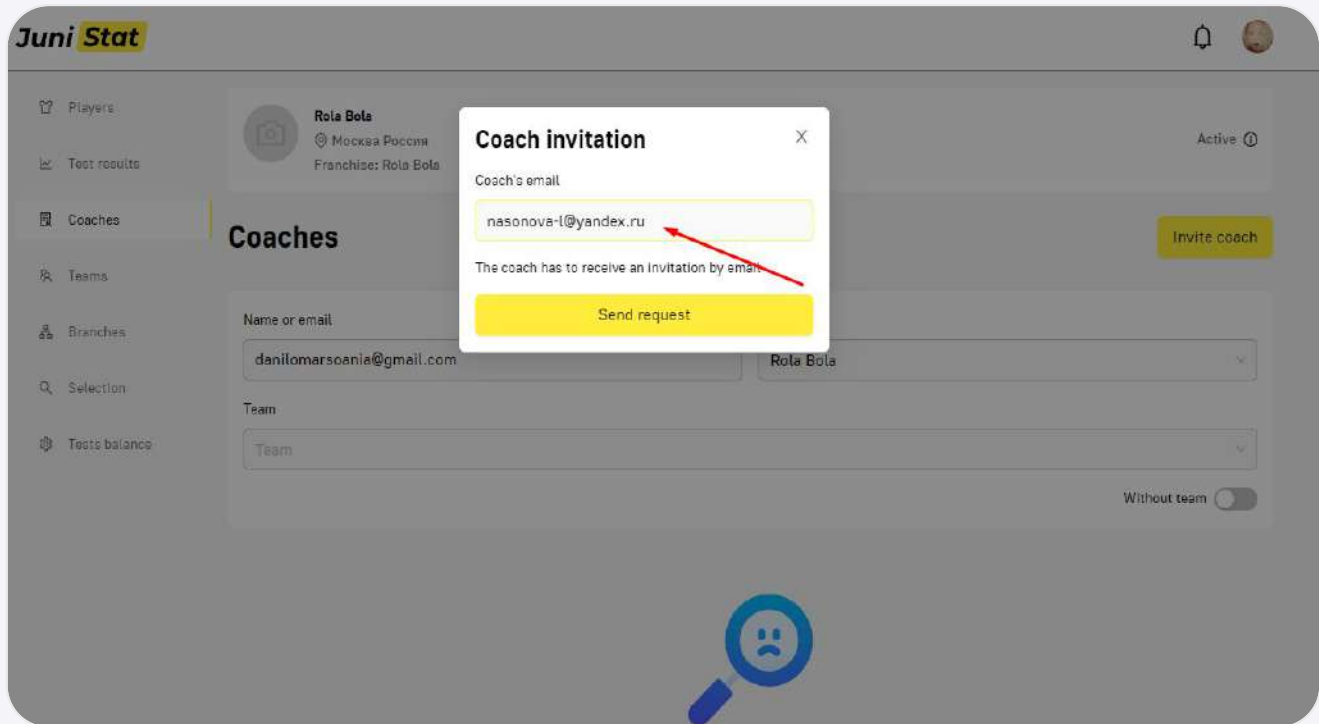

1. After authorization, you will see the main page of academy account.

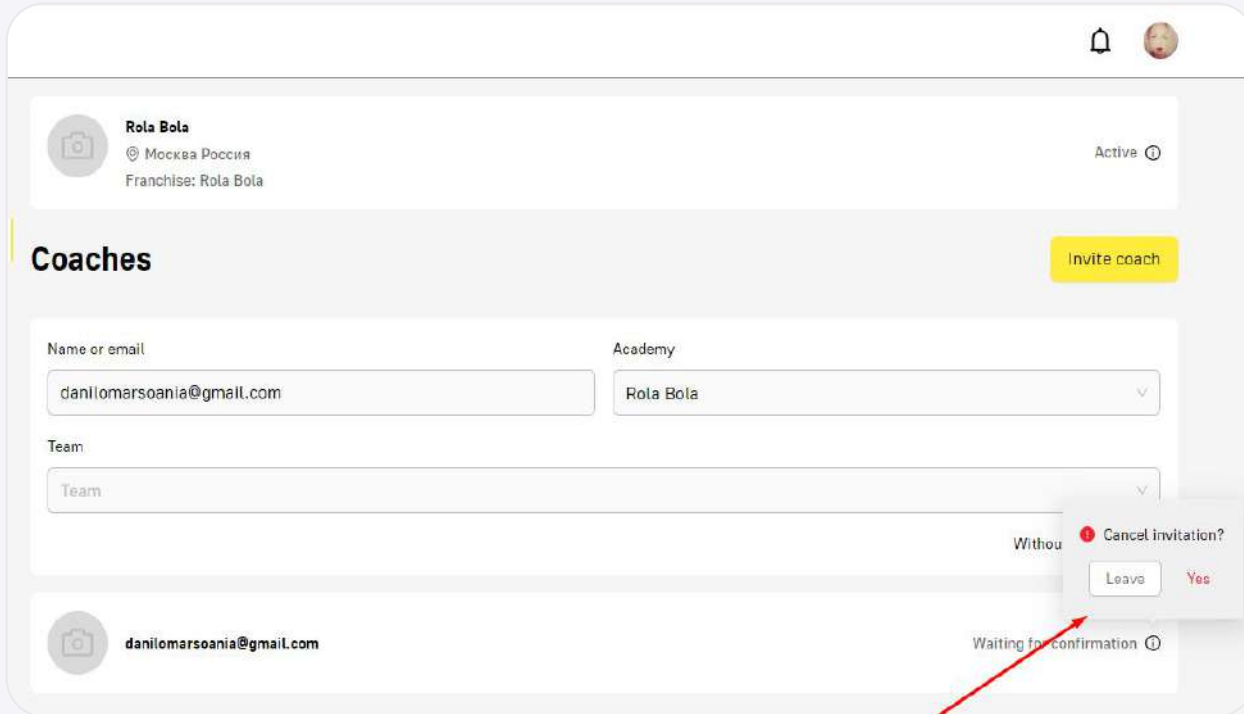

2. Tap “Coaches” tab in the menu on the left. Tap “Invite coach” yellow button

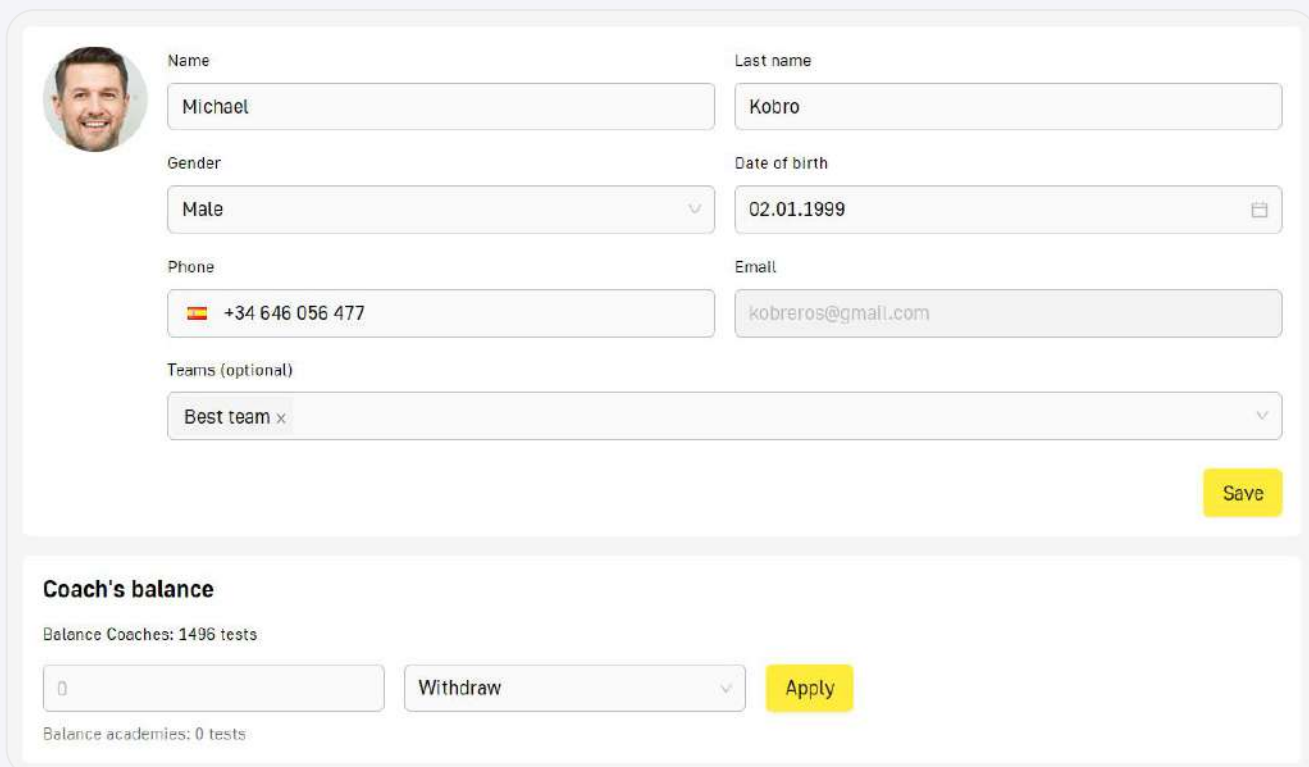

3. Type your coach's email and tap “Send invitation” yellow button.
You will see a confirmation that the invitation was sent to the coach.

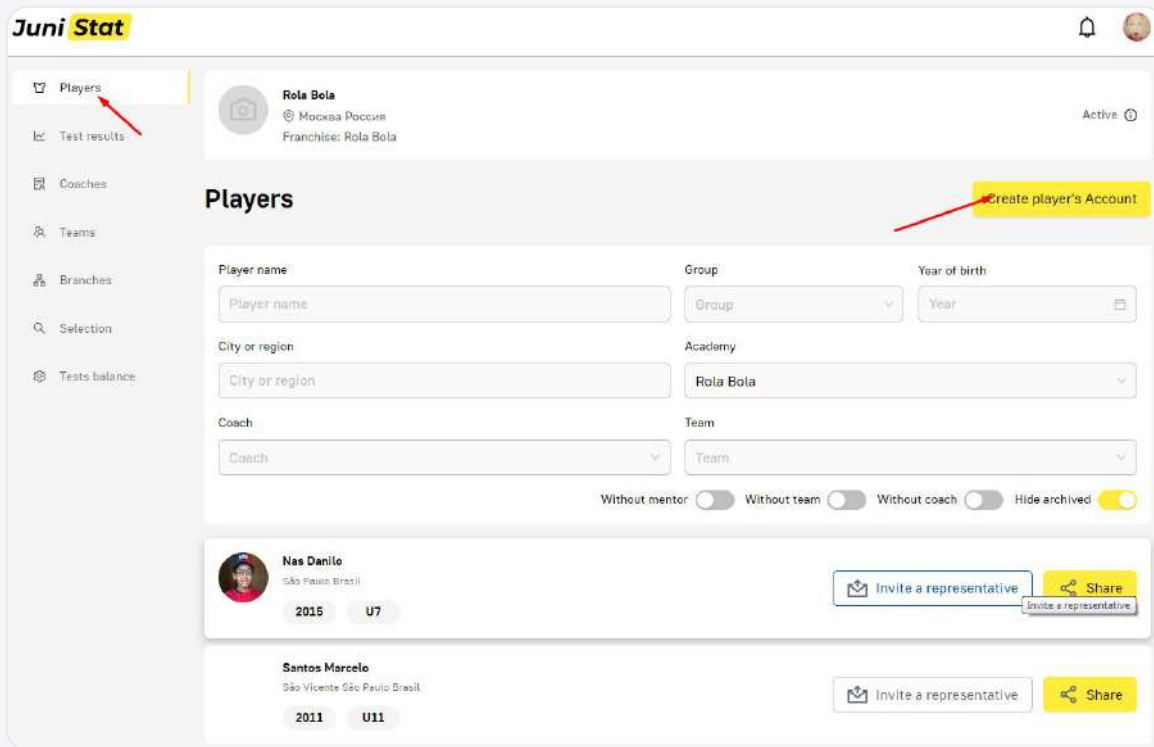

4. The coach will appear on the platform with “Waiting for confirmation” status. When the coach accepts your invitation is status will change to “Active”. You can remove the coach from academy by pressing “i” button and choosing “Cancel” in the menu.

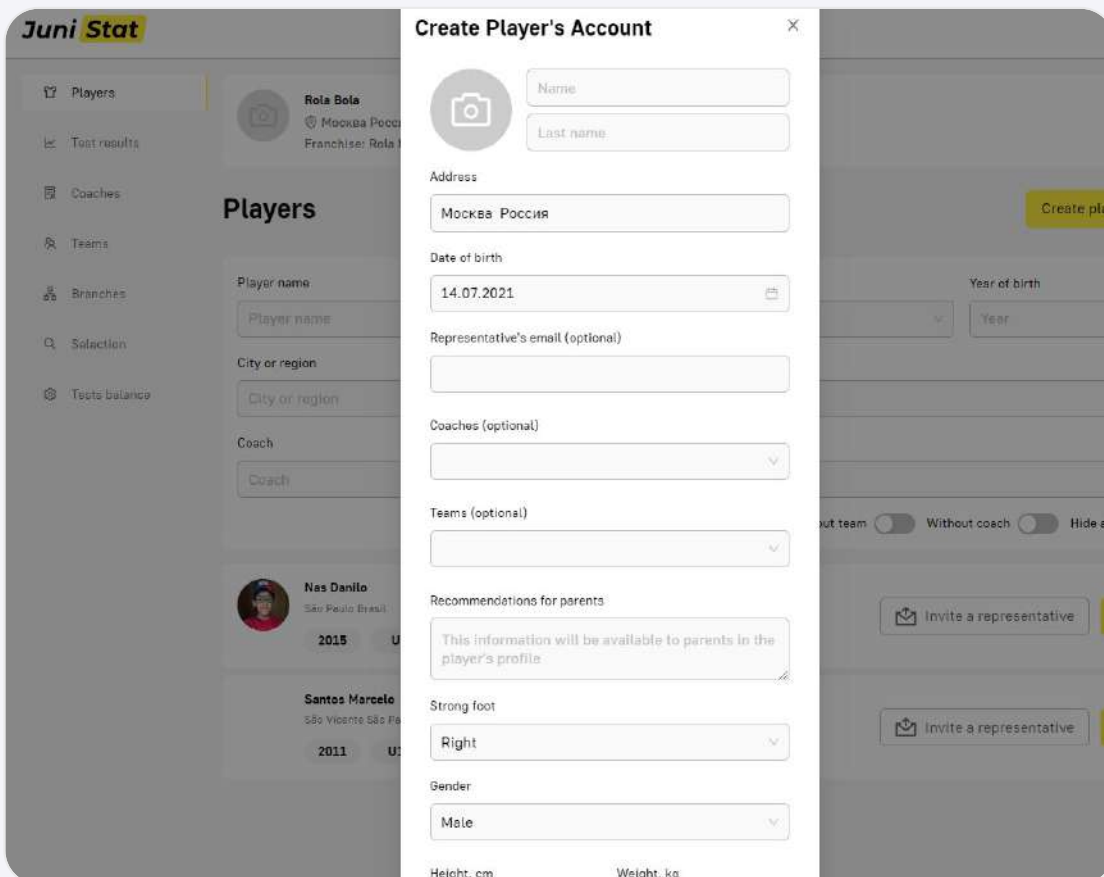

5. When the coach accepts your invitation, you will see all his data on the platform. It can be changed in academy account and also in the coaches JunCoach application.

6. To add a player to the platform choose “Players” tab in the menu on the left. Tap “Create player” yellow button. .

7. Type or choose all necessary player’s data, add photo, and connect a player to one or several coaches. Selected coaches will get access to this player from their JuniCoach apps.

8. Repeat the procedure for necessary number of players. If you need to add many players at once, contact Juni support and send us an Excel file with necessary data. We will upload players to your account automatically.

How to perform digital exercises

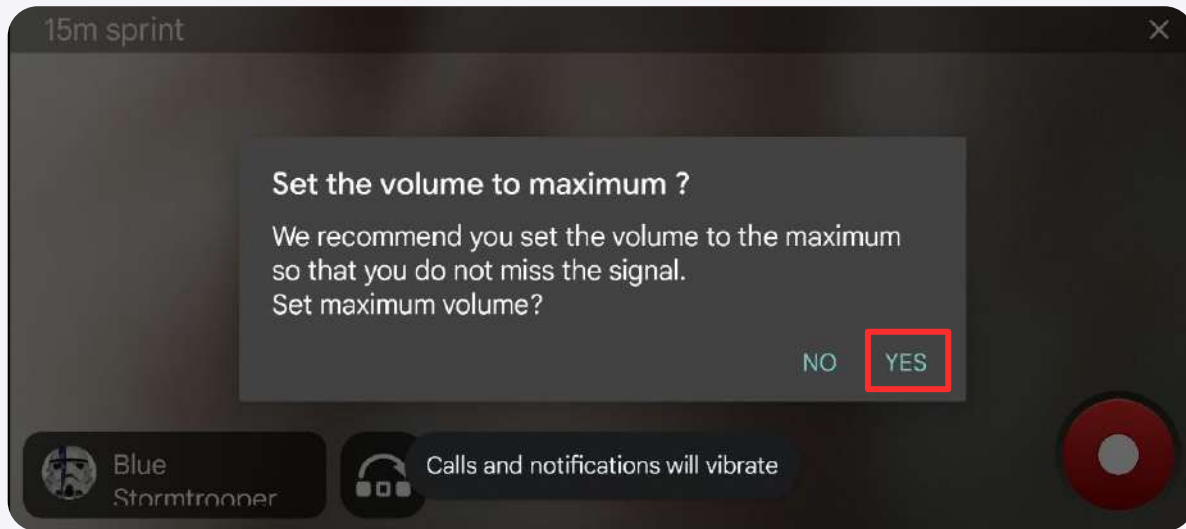

1. In the application choose a digital exercise and tap “Start the test” button

2. Before starting assessment, follow the instructions on the screen. Put cones to mark the playground.

3. We recommend to set volume to maximum not to miss the starting signal. It is important in many exercises.

4. A queue of players is already set. In the left bottom corner you will see the name of a player who will be assessed.

5. If you want to skip a player tap “skip” icon on the screen

6. If you want to choose another player from your team, tap on the player’s name and choose needed player from the list

7. Put the phone on a tripod. Make sure that all cones of the playground are in the frame. Tap “Record” button.

8. Wait while the player finishes the test.

9. Tap “Stop” button to finish the player’s assessment

10. If you need to repeat the test, tap “Repeat” button

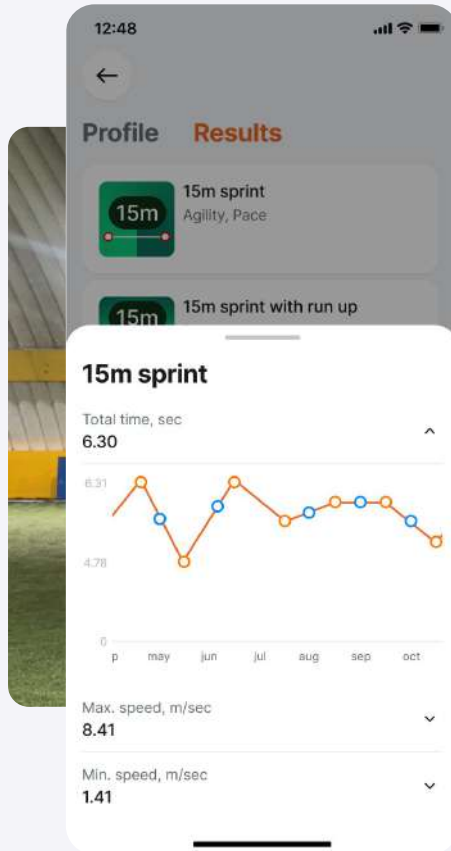

11. Then choose "Start over" in the menu

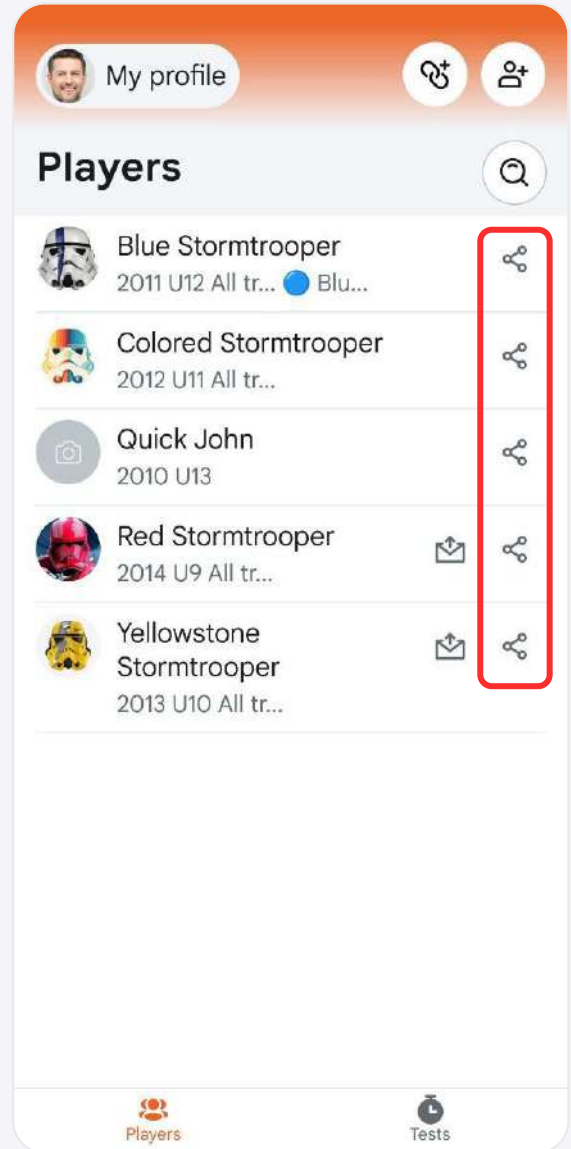

12. If the exercise was done correctly, tap "Upload" button

13. Assess all players and wait for the results. They will appear in "Results" tab of the app and also in the Academy's personal account web interface

14. You also can share the profile of your players sending the link from the app.
